SOUTHEND & DMCC 20TH MAY 2017 REPORT

Considering the torrential downpours over the previous few days and indeed in the morning and early afternoon a good entry of 42 riders turned up to contest the Saturday Evening Southend club trial at Poles Wood, Kelvedon Hatch. The Secretary was taking entries from 1pm until about 5.30pm with riders from the Eastern centre and Sussex, Surrey and Kent signing on.

The setting up crew of Paul Nash, Steve Smith, Bobby, Mitchell and Russ Stafford, Simon Walker and Paul Owen all got rather wet to put it mildly and the 8 sections were laid out to take into account the conditions in the wood. For a change we used the whole of the wood including the right hand side so everyone had a good ride around, being a Saturday fun trial there was no observers and the riders marked themselves and each other.

The Ossets' set off at 1 o'clock on their own separate sections all setup at the top of the wood around the car park area so the parents didnt have to run to far to keep up and also to give the dads (or mums even) a chance to ride afterwards !

The main routes opened up at 4 pm and with a flexible start time of 4-00 to 5-30 there were no queues seen around the sections, We used a 'no deviations' setup on the sections for this trial with each route following there own colour from start to finish, this seemed to make it easier for the newer riders to follow. As expected with all that rain some of the sections got quite slippery and quite muddy, but as the sun had come out by the time the trial had started great fun was had by all, although some riders never got around to putting their scores down.

As the trial came to an end a few people made use of the BBQ setup and the clearing up commenced ably completed by Paul Nash, Steve Smith, All the Staffords, Bethan Corr , Simon Walker, Paul Owen, Steve Wass and Julia, Edward & Roger Higgs. (Sorry if we've forgotten anyone)

Thank you to everyone for coming along and see you all soon.
